Synflorix in Malaysian National Immunisation Programme²

- Reduced incidence of **laboratory-confirmed overall IPDs by 94%** (2+1 or 3+1 schedule)⁶
- Proven 19A cross-protection** – in label and endorsed by MOH, Malaysia^{1,2}
- Provide **additional protection against Acute Otitis Media, dual pathogen targeting** – *Streptococcus pneumoniae* and Non-typeable *Haemophilus influenzae* (NTHI)^{3,5}

International recognition of PCV comparability based on rigorous evidence reviews:

- World Health Organization (WHO)⁷
- WHO Strategic Advisory Group of Experts on Immunization (SAGE)^{8,9}
- International Vaccine Access Center (IVAC)¹⁰
- Pan American Health Organization (PAHO)¹¹

Synflorix is proven to provide robust protection against overall pneumococcal disease^{6,13-15}

Abbreviations: AOM: Acute Otitis Media; NIP: National Immunisation Programme; PCV: Pneumococcal Conjugate Vaccine; WHO: World Health Organization; PAHO: Pan American Health Organization; NACI: National Vaccine Advisory Committee; SAGE: WHO Strategic Advisory Group of Experts on Immunization.
